

False Religion

*To you shepherds and stewards, to those who have no fear.
No fear indeed of a Creator Father you clearly cannot hear.*

*So many scriptures are running through my head.
Verses with stern warnings about this way that you have led.*

*Whether you're a politician or a preacher,
Your antics aren't outside the witness of The Teacher.*

*Are you a staff attorney or worker protecting corporate scum?
Creating a toxic world from which my creation cannot run?*

*Don't assume you have escaped His view.
And He's not impressed when you park your evil self in a pew.*

*Let me show you a bit of what He sees.
If you believe what you teach you should soon be hitting your knees.*

*Let's begin with the health of your herd.
You act as though we were left to wonder when the answers are all in His Word.*

*I had to go find them when the shepherds didn't know.
You all fell into a life of ease and funneled God's people into that carnal flow.*

*One of the many ways the churches got off track.
They brought in Coke machines and junk food, and God's Temple came under attack.*

*So much sickness followed those choices.
And when God sent in messengers to warn, you silenced our voices.*

*When answered prayers for healing became few and far between.
You went to the carnal world, and this became the scene:*

"He works for Pfizer and he's a very generous tither."

"I'm sure he loves the Lord. Let's put him on our board."

*Now when a congregant needs you to pray,
There are things you will not say.*

*No guidance to knowledge, wisdom or nature's many remedies.
You guided them to your "generous tither" as they now hold that key!*

*Reliance upon "the great men of Earth" will earn your Heaven's scorn.
You guided His people to multiple assaults beginning the moment they are born.*

*That "Certificate of Birth" was a major breech.
Why didn't you learn how this expanded government's reach?*

*They essentially stole and profit from your herd and send you the bills.
Again, you just stood by, ate their "wink wink" foods, and promoted their Rx pills.*

*When your "generous tither's" industry came to inject your herd,
You stood silent-never saying a word.*

*You didn't read the drug inserts or diligently pray.
You apparently didn't care what God had to say.*

*One begins to wonder, "Where's their loyalty?"
Then I learned about the 501C3.*

*There's a list of things you agree not to talk about.
What weakens us in IN and what empowers us is OUT!*

*To the people who are sitting in the pews-
So few read their Bible this may actually be news.*

*Scripture says, "You are a partner in their evil work" if you support this way.
If I were you, I'd stop following the herd and learn what God has to say.*

*You can't sing or "church" your way into God's favor.
Amos 5 says it's a "torrent of mercy and justice" He demands to savor.*

*When we eat, drink and live in His ways we derive great powers.
But "the new iPhone is out" and everywhere I look there are death dealing cell towers.*

*NOBODY CARES-they won't even stop to look.
You're all busy scrolling now and few will even read a book.*

*KNOW THIS: Evil needs you ignorant and hates it when we think!
Reading is therefore spiritual warfare, "Capital G" Guidance shown to you in ink!*

*Yet another assault is being installed on building wiring.
Yes, you'd be correct...you are deserving of firing!*

*Either God didn't hire you or you just failed to show up.
Your slacker ways meant I've had to drink from that bitter cup.*

*You should stop for a time and consider your way; take a holy pause.
How much damage did these human ways cause?*

*35 years now and those "Faith Without Works" teachings have not weathered well.
I've watched many false shepherds fill their pockets while their health went to hell.*

*At the podium in their prime citing scriptural declarations.
Now they're suffering the same diseases as "those heathens" caused by evil corporations.*

*Your buildings were empty all week, yet you sent the kids to government schools.
You surrendered them to Ceaser so now they think like him and follow those rules.*

*That Zionism thing you taught is certainly bringing shame.
Unfathomable sums of money sent to people who spit at the mention of Yeshua / Jesus' name.*

*God told you to look for meaning in the feasts of the Bible.
Instead, you brought in Easter and Christmas, homogenizing the holy with things pagan and tribal.*

*James 1 says this kind of religion is only hot air.
And "true religion" is you were to visit the homeless and loveless in their despair.*

*You were to guard against corruption from a godless world and diligently shepherd His people.
Instead, you brought in the ways of the world, the phones, the WIFI, and put a cell tower in the steeple.*

*Remember the scripture that warns about being lukewarm in your Godly way?
Says He'll vomit us out of his mouth if mediocrity is the way we want to play.*

*The shepherds pacified the patrons and passed the offering plate.
Never bothering the people with depth and they were all too happy to accommodate.*

*Yes, I'm here to make you uneasy, to remind you so you'll turn around.
Stop and really listen to the way of Wisdom while it can still be found.*

*Look at the chaos. Look at the mess.
Now don't you think you have some things to confess?*

*To you shepherds, you stewards, to those who have refused to hear.
I have come to you year after year.*

*I wrote you a book and built sites to show what I've been shown.
It will help you see what you need to see in this fallen world in which we've been thrown.*

What more can I say?

I AM MERCY's WAY!

Attributes of a false religion aka modern church

from Zondervan's Dictionary of Bible Themes

- **it ensnares its adherents**

identifies as "family" making it hard to step outside of the approved ways

- **offers no help in time of need**

when I became ill they had no answers, no power to heal, no wisdom, no knowledge, and no idea where to lead me other than a Rx-writing doctor (11 MD's had no answers)

- **prevents people from finding the truth**

when I began reading books and finding answers that included not eating and drinking garbage non-foods, eyes rolled and disapproval was conveyed

- **it devalues, degrades and defies**

their teachings downgrade us from a "temple of the Holy Spirit" and replaces obedience to biblical principles of wisdom with foolishness and mere faith

- **leads to immorality**

teaching people that they can eat and drink anything they want and have no lifestyle that resembles wisdom is wicked, dishonest & subjects congregants to rely on evil industries

- **enslaves**

I routinely watch professing Christians who can't find answers to life's challenges even though they've been in church for 30-40 years! Doing the same thing over and over...

- **receives the full force of God's anger...**
